

Michael Holliday, MD has delivered primary care to Medicaid populations as both a physician in a Federally Qualified Health Center and as a faculty member with the University of Cincinnati Department of Family and Community Medicine. During his time at UC, Dr. Holliday has served as Medical Director of the Residency Family Medicine Center, the Vice Chair of Clinical Operations and the director of the Health Systems Management curriculum. Dr. Holliday's interest in hypertension began in 2009 with the publication of a comprehensive review on the topic and has continued with quality improvement projects, and several lectures to both residents and faculty.
